

# Icebreakers

## Crossword names

**Group size:** Best for larger groups

**Resources needed:**

- Paper
- Pens
- Timer

**Instructions:**

- Give each young person a piece of paper and a pen. Ask them to write their first name in capital letters in the middle of the paper.
- Each young person then moves around the room asking other people (including the workers) to attach their name, where the first letter matches a letter on the paper. The names are added like a branching crossword puzzle.
- The person who manages to attach the most names within the set time is the winner.
