## Newspaper Puzzle

**Group size:** 6 - 20 young people

**Resources needed:** • Several copies of the same newspaper

**Instructions:**

- Split your group into small teams of up to five people.
- Spread out a copy of the newspaper in front of each group
- Describe a particular advert, article, fact or picture from the paper and the groups have to find it.
- The first team to rip out the relevant item and bring it to you gets a point. Continue calling out items and the winning team is the one with most points.
