

Icebreakers

Vocabulary

Group size: 6 – 12 people

Resources needed: • Dictionary

Instructions:

- Get the members of your group to stand or sit in a circle.
- Nominate someone to start by thinking of a word and giving the first letter.
- The next person in the circle thinks of a word that starts with that letter and gives the second letter
- The third person in the circle thinks of a word that starts with those two letters and gives the third letter
- This carries on round the circle, anyone who cannot think of a word so they can add their letter sits down and is out of the game
- The aim is to come up with words which are difficult to finish to get people out of the game. You will need a dictionary available so you can check words or there will be arguments!

For example: *Person one* thinks of the word 'information' so says the letter "I"

Person two then thinks of a word beginning with I, come up with 'identity' so says "ID"

Person three thinks of a word beginning with ID, come up with 'idolise' so says "IDO"
